

The Science of Unique

Vegan Caramel Chews

- Butter and sweet cream collide to deliver extra creaminess, richness and depth
- An authentic, indulgent, ultra-creamy, chewy confection made with soy cream

Until now, vegan caramels were rare. We balanced sweet cream and butter notes to produce a distinct, chewy caramel.

Edlong Flavours Used in Vegan Caramel Chews:

- Natural Sweet Cream-Type Flavour #1412560 @0.40%
