# THE ONE THING WE LOVE ABOUT DAIRY IS

## *everything*

At Edlong, we're reinventing the taste of dairy. We capture the richness, creaminess and indulgence of dairy, even in applications without dairy. We are experts in balancing flavour science and artistry to re-create authentic dairy taste, whether you're looking to develop culinary innovations, boost and improve taste, satisfy sugar moderation or nutrition goals, simplify your labels, create dairy-free formulations, mask off-notes or improve mouthfeel. We partner with you to enhance and expedite the commercialization of your food and beverage launches.
